Births Sep 1842 Bradley Jane Orsett 12 174

This must be Charlotte Mortimer who married James Bradley (b. Buxhall, 1807) the son of James and Christian, and brother to the John who married Sarah Pearl. Is this the Walter who is a farmer aged 66 in the 1901 census at Horns Farm, Stifford? As they had been long departed from Buxhall it is no real surprise they got the name wrong. Unlike brother Thomas and family they stayed in South Essex.

Must be John Mortimer Bradley. Right name, right place, right job. Pity he didn't remember where he was born but hardly surprising as he left Buxhall at the age of 3 or 4. At least he knew he wasn't an Essex boy! (He'd remembered by 1861 census).

This would appear to be John Mortimer Bradley who married Emma Smith in 1855 in the Billericay registration district. The use of Mortimer as his middle name would suggest that he is a son of Charlotte Mortimer and James Bradley. Noticeably the family are living in the same area as Charlotte and her family were in 1851.
